Harter, James K. and , Rodd Wagner 	12: The Elements of Great Managing	CD	4.5 hours	How do great managers inspire top performance in employees? How do they generate enthusiasm, unite disparate personalities to focus on a common mission, and drive teams to achieve ever-higher goals? More than a decade ago, The Gallup Organization combed through its database of more than 1 million employee and manager interviews to identify the elements most important in sustaining workplace excellence. These elements were revealed in the 1999 bestseller <i>First, Break All the Rules</i> . <i>12: The Elements of Great Managing</i> is that book's long-awaited sequel. It follows great managers as they harness employee engagement to turn around a failing call center, save a struggling hotel, improve patient care in a hospital, maintain production through power outages, and successfully face a host of other challenges in settings around the world. Gallup's study now includes 10 million employee and manager interviews spanning 114 countries and conducted in 41 languages. In 12, authors Rodd Wagner and James K. Harter weave the latest Gallup insights with recent discoveries in the fields of neuroscience, game theory, psychology, sociology, and economics. Written for managers and employees of companies large and small, 12 explains what every company needs to know about creating and sustaining employee engagement.

Covey, Stephen R. and McChesney, Chris 	4 Disciplines of Execution (seminar), The	CD	60 minutes	Executing strategic goals is the greatest challenge in business today. Aligning the organization's work teams with your most important objectives is a never-ending battle. In addition, keeping teams engaged and focused on the top goals is critical. Imagine an organization where every team - from senior leadership to the front line - is focused on the most important priorities and committed to achieving the Wildly Important Goals.
Covey, Stephen R. and Jennifer Colosimo 	4 Disciplines of Execution (workshop), The	4 CDs	3 hours	In business, survival depends on meeting objectives. Most failures in organizations today are not the result of a lack of smarts, they are caused by a lack of execution - things just don't get done. Defining a clear strategy and setting goals is one thing, sticking to strategy and meeting those goals is quite another. <i>The 4 Disciplines of Execution</i> teaches how to focus on your top priorities and get the critical things accomplished. Whether you are a member of a team, lead a team, or lead an entire organization, this workshop will equip you to deliver on your top priorities consistently.
Covey, Stephen R. 	4 Imperatives of Great Leaders, The	3 CDs	3 hours	Leaders make the difference in great organizations. In today's global, knowledge-based world, the call for organizational greatness is greater than ever before. Sustainable financial performance, intense customer loyalty, a winning culture, and a distinctive contribution in the marketplace are hallmarks of truly great organizations. Great organizations are created by great leaders - leaders who can unleash the highest and best contributions of their team toward their organization's most critical priorities. Every organization and every leader aspires to greatness. But why do only a few achieve it? I believe the answer is in the execution of the 4 imperatives.
Covey, Stephen R. 	7 Habits for Managers, The	CD	70 minutes	Stephen R. Covey's landmark book, <i>The 7 Habits of Highly Effective People</i> , has sold over 15 million copies. Covey, Stephen R. 	7 Habits of Highly Effective People, The	CD	72 minutes	In <i>The 7 Habits of Highly Effective People</i> , author Stephen R. Covey presents a holistic, integrated, principle-centered approach for solving personal and professional problems. With penetrating insights and pointed anecdotes, Covey reveals a step-by-step pathway for living with fairness, integrity, honesty, and human dignity - principles that give us the security to adapt to change and the wisdom and power to take advantage of the opportunities that change creates.
Covey, Stephen R. 	8th Habit: From Effectiveness to Greatness, The	3 CDs	4 hours	The challenges and complexity we all face in our relationships, families, professional lives, and communities are of an entirely new order of magnitude. Being effective as individuals and organizations is no longer merely an option - survival in today's world requires it. But in order to thrive, innovate, excel, and lead in what Covey calls the new Knowledge Worker Age, we must build on and move beyond effectiveness. The call of this new era in human history is for greatness; it's for fulfillment, passionate execution, and significant contribution. Accessing the higher levels of human genius and motivation in today's new reality requires a sea change in thinking: a new mind-set, a new skill-set, a new tool-set - in short, a whole new habit. It is what Covey calls the 8th habit. <i>The 8th Habit</i> is the answer to the soul's yearning for greatness, the organization's imperative for significance and superior results, and humanity's search for its "voice."

Gostick, Adrian and Chester Elton		Carrot Principle, The	5 CDs 5.5 hours	The Carrot Principle reveals the groundbreaking results of one of the most in-depth management studies ever undertaken, showing definitively that the most successful managers provide their employees with frequent and effective recognition. Drawing on case studies from leading companies including Disney, DHL, KPMG and Pepsi Bottling Group, bestselling authors Gostick and Elton show how the transformative power of purpose-based recognition produces astonishing results. And they show how great managers motivate employees to excel by offering praise and meaningful rewards, and in doing so achieve higher productivity, engagement, retention, and customer satisfaction.
Bossidy, Larry and Charan, Ram		Confronting Reality	CD 6 hours	<i>Confronting Reality</i> will change the way you think about and run your business. It is the first book that shows how to connect the big picture of the new era of business with the nitty-gritty of what to do about it. Through a completely new way to understand and use the business model as the primary tool for confronting reality--a breakthrough that will become the management innovation of this decade--you'll know sooner rather than later whether your fundamental business premise is under assault, where your best opportunities lie, what you should change and what you should leave alone, and how to realistically plan the future of your business. The fundamentals of how a business makes money are being rapidly and permanently altered by sweeping structural changes. With their extraordinary depth and breadth of experience, Larry Bossidy and Ram Charan are the ideal guides for everyone--entrepreneur, mid-level manager, or CEO--about what is to be done so you can get things right in this challenging, radically changed world. They start by showing you how to understand the most fundamental element of any business: whether you can realistically make the money you hope to in the game you're playing. They show how to use the business model to develop a robust, reality-based process for thinking about the specifics of your business in a holistic way. They show how to tie together the financial targets you must meet, the external realities you face, and internal activities such as strategy development, operating tactics, and selection and development of people. Through the lens of the business model, as well as the skillful use of initiatives and development of people with the right leadership characteristics, you'll see how executives at major corporations confronted reality.
Van Fleet, James		Conversation Power	6 CDs 7 hours	MASTER THE LANGUAGE OF SUCCESS! Blanchard, Ken, Frederic E. Finch, Jim Ballard		Customer Mania!	CD	Customer service is the single most pressing problem for business managers and people in any service or sales operation, especially at the retail level. In fact, many experts believe that you build a business from the customer up. In <i>Customer Mania!</i> , Ken Blanchard, one of America's biggest bestselling authors and inspiring business leaders, writes of the key to customer service — creating a people-oriented, performance-driven, customer-first organization. Along with coauthors Jim Ballard and Fred Finch, Blanchard explains why the customer is the right starting place from which to build a successful business. By drawing on examples from the world's largest restaurant company, Yum! — owner of KFC, Taco Bell, Pizza Hut, Long John Silver's, and A&W Restaurants — the authors explain how any company, large or small, can develop a unified, people-first, customer-oriented culture. Packed with practical insights, <i>Customer Mania!</i> emphasizes four critical steps. By relying on these concepts, businesses everywhere can cultivate passionate and engaged team members who contribute to the company's overall success. From CEO to middle manager to the person facing the consumer, <i>Customer Mania!</i> is a vital tool for enhancing their experience — and their customer's.

Larry Bossidy, Ram Charan 	Execution	7 CDs	8 hours	Unlike many other books on the market that stress high-minded, complex theories, Larry Bossidy's and Ran Charan's <i>Execution</i> is a unique and indispensable guide to corporate strategy that focuses on the quality most essential to every business -- the ability to get things done. Bossidy, the chairman and CEO of Honeywell International, and Charan, a much-praised adviser to companies such as General Electric, use the simple metaphor of building a house to illustrate the importance of execution: The concerns that often occupy the attention of executives -- incentive systems, process design, promotions, new approaches to organization structure -- are just the walls or roof of a house, while successful execution is the true core, the foundation upon which everything else rests. As the authors note in their introduction, "Execution is a systematic process of rigorously discussing hows and whats, questioning, tenaciously following through, and ensuring accountability." If you want to create an organization in which strategic planning and day-to-day operations are supported by tangible results, then this book will be an invaluable guide. <i>Execution</i> may well be the most useful business book you'll read this year.
Maxwell, John C. Listening to <i>The Fifth Discipline</i> provides a searching personal experience and a dramatic professional shift of mind.
Covey, Stephen R., A. Roger Merrill, Rebecca R. Merrill 	First Things First	CD	72 min	First Things First is a revolutionary guide to managing your time by learning how to balance your life. Traditional time management suggests that working harder, smarter, and faster will help you gain control over your life, and that increased control will bring peace and fulfillment. But in the first real breakthrough in time management in years, the authors of <i>First Things First</i> apply the insights of <i>The 7 Habits of Highly Effective People</i> to our daily problems of struggling with the ever-increasing demands of work and home life. Rather than focusing on time and things, <i>First Things First</i> emphasizes relationships and results. And instead of efficiency, this new approach emphasizes effectiveness. It empowers listeners to define what is truly important; to accomplish worthwhile goals; and to lead rich, rewarding, and balanced lives.
Covey, Stephen R. 	Focus	4 CDs	4 hours	The <i>Focus</i> workshop presents an engaging and inspirational learning experience and will change your life in ways you never thought possible. John P. Kotter, Oliver Wyman 	Leading Change	5 CDs	5.5 hours	John Kotter, the world's foremost expert on business leadership, distills twenty-five years of experience into <i>Leading Change</i> . A must-have for any organization, this visionary and very personal audiobook is at once inspiring, clear-headed, and filled with important implications for the future. The pressures on organizations to change will only increase over the coming decades. Yet the methods managers have used to strengthen their companies - total quality management, reengineering, right sizing, restructuring, cultural change, and turnaround - routinely fall short. In this insightful audiobook, Kotter identifies an eight-step process that every company must go through to achieve its goal, and shows where and how people - good people - often derail. Emphasizing again and again the critical need for leadership to make change happen, <i>Leading Change</i> provides unprecedented access to our generation's business master and a positive role model for leaders to emulate.

Blanchard, Ken and Gottry, Steve 	On-Time, On-Target Manager, The	2 CDs	2 hours	The On-Time, On-Target Manager tells the highly recognizable story of Bob, a middle manager who tends to put things off to the last minute. He missed deadlines, rationalizes, justifies, and tries to explain. Luckily, Bob is sent to his company's CEO - a new kind of CEO - the "Chief Effectiveness Officer" - who helps him deal with the three negative side effects of procrastination: lateness, poor work quality, and stress to himself and others. Bob learns how to overcome procrastination and transforms himself into a productive On-Time, On-Target Manager through the Three P strategy.
Loehr, Jim 	Power of Story, The	4 CDs	4.5 hours	All of us continually tell ourselves stories that profoundly effect how others see us and we see ourselves - stories of success or failure, power or victimhood; about our work, our relationships, our health; about what we want and what we're capable of achieving. Yet few of us even recognize what our stories are, or that we can transform our very destinies by changing the stories we tell. Telling ourselves stories provides structure and direction as we navigate life's challenges and opportunities, and helps us interpret our goals and skills. Loehr's approach to creating deeply engaging stories will give you the tools to wield the power of storytelling and forever change your business and personal life.
Goleman, Daniel and Warren Bennis 	Power of Truth, The	CD	1 hour	Two top business thinkers discuss why transparency is crucial. It's in the nature of an organization to want to spin information, but in reality, covering up painful truths can have negative consequences. For the best organizations, it is clear that the future is all about transparency. Businesses and organizations can only win by showing they have integrity. The good news, according to Bennis and Goleman, is that organizations can change, they can choose truth over spin - as long as their leaders have the emotional intelligence to create transparency as a core value and an ultimate goal. Every organization, from small business to large, private and public, can benefit from the lessons and ideas in <i>The Power of Truth</i> .

Goleman, Daniel ,and Annie McKee, Richard E. Boyatzis	 Primal Leadership: Realizing the Power of Emotional Intelligence	3 CDs	3.5 hours	Goleman teams with renowned EI researchers Richard Boyatzis and Annie McKee to explore the role of emotional intelligence in leadership. Unveiling neuroscientific links between organizational success or failure and "primal leadership," the authors argue that a leader's emotions are contagious. If a leader resonates energy and enthusiasm, an organization thrives. If a leader spreads negativity and dissonance, it flounders. Drawing from decades of analysis, the authors show that resonant leaders excel not just through skill and smarts but also by connecting with others, using EI competencies such as empathy and self-awareness. And they employ up to six leadership styles - from visionary to coach to pacesetter - fluidly interchanging them as the situation demands.
Blanchard, Kenneth and Sheldon Bowles	 Raving Fans	2 CDs	1.5 hours	The story is of an Area Manager with a rotten service problem and Charlie, his golf-playing Good Fairy, who teaches him how to turn customers into Raving Fans. Charlie introduces business people who have employed a creative approach to service - each elaborating on three particular secrets of service success. the practical advice provided in this audio is easily applied and will prove invaluable. Listeners learn enough to inspire their own Raving Fans, understanding that "Satisfied customers just aren't good enough!"
Block, Peter	 Right Use of Power, The	3 CDs	3 hours	"Stewardship is our best response to our search for better leaders. It finally acknowledges the fact that we are all in this together. Leadership as we know it tries to answer the question 'What's in it for me?' Wrong question. The only question that matters is. 'What do we want to create together?' This is the most compelling question we can ask in business today." The words of Peter Block, convey the essence of his revolutionary message. On <i>The Right Use of Power</i> , this best selling author and distinguished management consultant fast forwards us to the business model of the future: a self-governing, accountable organization where power is shared equally, and work has meaning far beyond conventional measures. Concluding with a tough question-and-answer session with Peter Block, <i>The Right Use of Power</i> will help you prepare for the changes, challenges, and rewards coming in the new era of business - an era that has already begun.
Hill, Napoleon	 Science of Personal Achievement, The	CD	6 hours	Follow in the footsteps of the giants of success. You've probably experienced fewer failures in life than these famous achievers. Surprising but true. Each faced repeated setbacks. Yet each became enormously successful. How? Napoleon Hill devoted his life to analyzing the success of more than 500 of the 20th Century's greatest achievers. His exhaustive research proved that the essence of success lies within 17 simple principles that, when used together, serve as an infallible formula for achievement. these 17 principles are the foundation of <i>The Science of Personal Achievement</i> , a comprehensive course in success that empowers you to convert any adversity into advantage.
Hunter, James C.	 Servant Leadership Training Course, The	4 CDs	4.25 hours	The greatest leaders emerging today are the ones who have learned how to serve their people, not command them. With foundational principles and practical exercises that apply to chief executives, managers, coaches, teachers, parents and any leader alike. The Servant Leadership Training Course gives you the keys to leading with integrity, authority and compassion.
Lencioni, Patrick	 Silos, Politics and Turf Wars	4 CDs	5 hours	New York Times bestselling author and acclaimed management expert Patrick Lencioni addresses the costly and maddening issue of silos, the barriers that create organizational politics. Silos devastate organizations, kill productivity, push good people out the door, and jeopardize the achievements of corporate goals. As with his other books, Lencioni writes <i>Silos, Politics and Turf Wars</i> as a fictional - but eerily realistic - story. The story is about Jude Cousins, an eager young management consultant who develops a simple yet ground-breaking approach for helping clients transform confusion and infighting into clarity and alignment. <i>Silos, Politics and Turf Wars</i> is as practical as it is engrossing - anyone who has lived through corporate turf wars or experienced the absurdity of departmental politics will find it an invaluable resource.

LeGault, Michael R. 	Think!	5 CDs	6 hours	<p>Outraged by the downward spiral of American intellect and culture, Michael R. LeGault offers the flip side of Malcolm Gladwell's bestselling phenomenon, <i>Blink</i>, which celebrated impulse thinking over factual knowledge or critical analysis. If bestselling books are advising us to not think, LeGault argues, it comes as no surprise that sharp, incisive reasoning is on the decline, leading our society to incompetence and failure. Far from perpetuating the stereotype of the complacent American, LeGault maintains that Americans are abundantly gifted with the ability to fulfill our nation's greatest potential, but we need smart teachers, health care workers, sales representatives, students, mechanics, and leaders to make it happen. A bracing wake-up call to America, <i>Think!</i> delivers a no-holds-barred prescription for reversing the erosion of American civilization.</p>
Maxwell, John C. 	Thinking for a Change	3 CDs	3 hours	<p>At the heart of John C. Maxwell's brilliant and inspiring program is a simple premise: To do well in life, we must first think well. But can we actually learn new mental habits? <i>Thinking For a Change</i> answers that question with a resounding "yes" - and shows how changing your thinking can indeed change your life. Drawing in the words and deeds of many of the world's greatest leaders, this empowering audiobook helps you assess your thinking style, guides you to new ones, and step by step teaches you the secrets of thinking.</p>

Johnson, Spencer 	Who Moved My Cheese	CD	1 hour	<i>Who Moved My Cheese?</i> Is a simple parable that reveals profound truths about change. It is an amusing and enlightening story of four characters who live in a "Maze" and look for "Cheese" to nourish them and make them happy. "Cheese" is a metaphor for what you want to have in life - whether it is a good job, a loving relationship, money, a possession, health, or spiritual peace of mind. And the "Maze" is where you look for what you want - the organization you work in, or the family or community you live in. The characters are faced with unexpected change. Eventually one of them deals with it successfully, and writes what he has learned from his experience on the maze walls. When you come to see "The Handwriting on the Wall," you can discover for yourself how to deal with change, so that you can enjoy less stress and more success (however you define it) in your work and in your life. Written for all ages, the story takes a little over an hour to listen to, but its unique insights can last a lifetime.
Maxwell, John C. 	Winning With People	3 CDs	3.5 hours	"Our ability to build and maintain healthy relationships is the single most important factor in how we get along - in every area of life," declares leadership expert John C. Maxwell. "All of life's successes come from initiating relationships with the right people and then strengthening those relationships by using good people skills."
Surowiecki, James 	Wisdom of Crowds, The	5 CDs	6 hours	In this endlessly fascinating book, New Yorker columnist James Surowiecki explores a deceptively simple idea that has profound implications: Large groups of people are smarter than an elite few, no matter how brilliant - better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. This seemingly counterintuitive notion has endless and major ramifications for how businesses operate, how knowledge is advanced, how economies are (or should be) organized, and how we live our daily lives. The examples he uses are all down-to-earth, surprising, and fun to ponder.
Goleman, Daniel 	Working With Emotional Intelligence	CD	3 hours	Dr. Goleman shows why emotional intelligence has become the new yardstick of success for CEOs and junior hires alike. Drawing on both unparalleled access to business leaders and cutting-edge research, he shows that star performance in every field depends more on emotional intelligence than I.Q. or technical skills. Dr. Goleman demonstrates how self-awareness, motivation, influence, conflict management, and team-building play out in some of the top corporations in the world today, and points out the damage that can be done when these factors are lacking. With real-life examples from the business world, including successes and failures, this program provides a blueprint for all who want to thrive - with integrity and satisfaction - in the new global economy.
Goleman, Daniel and Senge, Peter 	Working With Presence	CD	1 hour	What makes a successful business? How can we work most effectively as a team? What are the keys to being a great leader? Bestselling authors Daniel Goleman and Peter Senge address these questions in <i>Working With Presence</i> . From the importance of harmonized thinking to the role that tacit knowledge plays in every organization, they discuss how companies can transform themselves into learning organizations - positive environments where people work together, learn from mistakes, and communicate effectively to foster growth and success.
Friedman, Thomas 	World Is Flat, The	7 CDs		With his inimitable ability to translate complex foreign Policy and economic issues, Friedman brilliantly demystifies the new flat world for listeners, allowing them to make sense of the advances in technology and communications that are creating an explosion of wealth in India and China, and challenging the rest of us to run even faster just to stay in place. For this updated and expanded edition, Friedman has provided more than two hours of new reporting and commentary, bringing fresh stories and insights to help us understand the flattening of the world. More than ever, <i>The World Is Flat</i> is an essential update on globalization, its successes and disconnects, powerfully illuminated by one of our most respected journalists.
