

BENEFITS AFTER RETIREMENT

URS

Defined Benefit Plans (Pension)

- Formula-based retirement plan covering all members enrolled in one of the retirement systems. Upon retirement for those who have become vested, the pension pays a monthly retirement benefit for life and by election in certain systems, to a spouse thereafter. Defined Contribution Plans (Tier 2)

- These types of savings plans can remain invested with URS upon termination. Retirees and terminating employees may choose to cash out these plans upon termination (taxes and penalties may be involved) or roll them over into other qualifying accounts. Call URS at (801) 366-7720 or (800) 688-401k for more information.
