Jul-81	8		104	104 Annual	
		8	104	104 Annual (96 Annual + 8 Annual for PP Day)	State switched to a new payroll system that had 26 pay periods per year instead of 24 pay periods per year. This switch created 8 extra hours of annual leave (4 hours per pay period x 2 extra pay periods.) In order to balance the total hours of leave, DHRM designated the first 8 hours of annual leave to be considered Personal Preference Day hours. This brought total hours at issue back to 104 per year.
Feb-08	8		112	104 Annual + 8 Family Day	SB 145 proposes to replace PPD with Family Day to be observed the Friday following Thanksgiving. The bill does not call for a reduction in annual leave hours.
